THE AUTHENTIC ESSENCE OF LATIN TRADITION

For generations, Iberia Foods has been bringing authentic flavors from around the world to millions of families across the United States. Today, our portfolio spans trusted Hispanic staples, international favorites, and emerging growth brands—supported by national distribution, category expertise, and a commitment to helping our retail partners succeed.

This catalog brings the strength of that portfolio together in one place. More than a product guide, it is a selling tool designed to help identify opportunities, build stronger assortments, create better customer conversations, and grow every account with the right products for the right consumers.

Together, let's turn every customer conversation into a growth opportunity.

MAINSTREAM

The image features the Iberia logo in a bold, red, serif typeface. The logo is centered on a white background. It is framed by two thick, red, wavy lines that curve from the top left and bottom right towards the center, creating a sense of motion and elegance. The overall design is clean and professional, typical of a corporate brand identity.

The logo for 'La Española' is centered on a white background. It features the brand name in a white, bold, serif font. 'La' is positioned above 'Española'. The text is enclosed within a red, horizontally-oriented banner with a slightly wavy, ribbon-like shape. The banner has a thin gold border and small gold circles at its four corners. The entire composition is framed by large, flowing red waves at the top and bottom of the image.
